- Aquatic
- UV water purification systems
- Ground water monitoring
- Ground remediation
- Semiconductor
- Wire insulation and jacketing
- Pulp and Paper
- Dyes

BENEFITS

- Superior pump life
- Excellent chemical resistance
- Low Particulate Spallation
- Meets most FDA regulatory requirements
- Superior Bio Compatibility
- Rated For High Temperatures (Steam in Place)
- No Taste or Odor Imparted
- Ultra-Pure Medical Grade
- Non-Pyrogenic
- Lot and Batch Traceable
- Superior Chemical Resistance
- High purity
- Low moisture permeability
- Lightweight
- Abrasion resistant shell Clear
- Welds with RF and conventional heat sealers
- Easy to post fabricate
- Superior pressure rating
- Non Hemolytic
- Low cost
- About 1/3 lighter then silicone and other products
- Extreme flexibility in sub zero conditions
- Superior tear and abrasion resistance
- Phthalate free / animal derived ingredient free
- Resistant to acids and bases
- High-purity liner
- High operating temperature
- Extremely low gas and moisture permeability
- No plasticizers
- Photo Opaque FDA and NSF approved
- Made from 100% virgin grade high-performance resins
- Chemically inert to most industrial chemicals and solvents
- Excellent UV transmission (optically clear)
- Low permeability
- High thermal stability
- FDA compliant for food contact
- Superior electrical insulation
- Suitable for use with flare or conventional compression fittings
- Non-flammable
- Non-stick
- Also available in coiled hose, convoluted tubing, and heat-shrink constructions
- Excellent Mechanical Properties
- Heat Weldable and fusible

TUBINGS

TECNİK FLUID CONTROLS PVT. LTD.
W-124, MIDC, BOISAR, THANE - 401506

Pharm-A-Line I™

Chemically Resistant
Precision Pump Tubing

Available in sizes:
1/32" ID to 1" ID
3/32" OD to 1-1/4" OD

Pharm-A-Clear Silicone

High Performance Platinum
- Cured Tubing

Available in sizes:
.02" ID - 1" ID
0.144" OD to 1-3/8" OD

Cleargreen®

Phthalate - Free PVC
Tubing

Available in sizes:
1/32" ID - 1" ID
1/16" OD to 1-3/8" OD

ClearGreen®60

Phthalate (DEHP) Free
Vinyl Tubing

Available in sizes:
1/32" ID to 3/4" ID
3/32" OD to 1-1/2" OD

Pharm-A-LineVI & XL®

Chemically Inert Clear
Tubing

Available in sizes:
1/16" ID to 3/4" ID
3/16" OD to 1" OD

LDPE/LLDPE™

Instrument Tubing

Available in sizes:
1/8" ID - 1" ID
1/4" OD to 1.25" OD

DairyFlow™

Performance - Engineered
Milk Tubing

Available in sizes:
1/2" ID to 3/4" ID
3/4" OD to 1-1/8" OD

SUPER-FLEX™

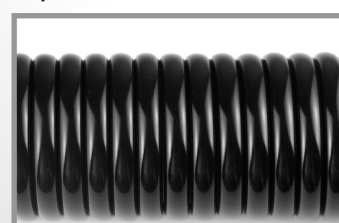

High - Purity Tubing for
The Welding Industry

Available in sizes:
0.125" ID - 0.398" ID
0.250" OD - 0.523" OD

Envir-A-Line XX®

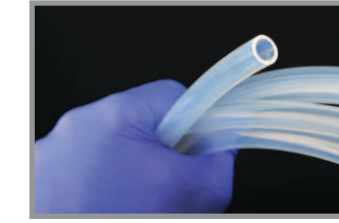

Photo Opaque PVC with
Hytrex Liner

Available in sizes:
1/8" ID - 1/2" ID
0.220" OD - 3/4" OD

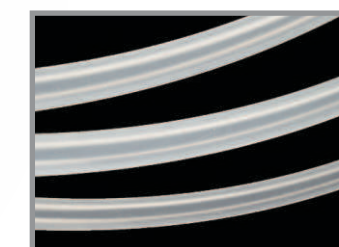

PTFE™

Polytetrafluoroethylene Tubing

Available in sizes:
1/16" ID to 7/16" ID
1/8" OD - 1/2" OD, 2mm ID - 10mm ID
4mm OD - 12mm OD

Fluor-A-Pure®(FEP)

Available in sizes:
1/16" ID to 1-1/8" ID
1/8" OD - 1-1/4" OD

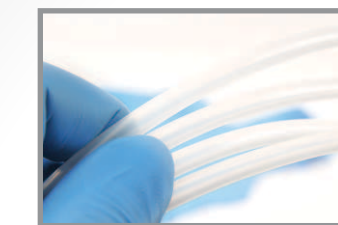

Fluor-A-Pure®(HP)

Ultra High Purity PFA

Available in sizes:
1/16" ID to 1-1/4" ID
1/8" OD - 1-3/8" OD

PVDF KYNAR FLEX® 2750 Tubing

Available in sizes:
1/16" ID to 7/8" ID
1/8" OD - 1" OD

Custom Sizes : 0.170" ID - 5/32" ID | 1/4" OD

Metric Sizes : 2mm ID - 10mm ID | 4mm - 12mm OD

APPLICATIONS

- Laboratory Research
- Food & Beverage
- Pharmaceuticals
- Biologics
- Medical Device
- Brewery
- Consumer Products
- Environmental
- Raw Milk Transfer
- Peristaltic pump tubing
- Buffer Solutions
- Solvents
- Metering pumps
- Fluid Bed Feed Systems
- Biological Media
- Filling Machinery
- Bio Process Equipment
- USP Water
- Hot WFI
- Sterile Transfer
- Cell-Culture Media
- Aseptic Fill and Transfer
- Instrument Air
- Potable Water
